11.03.21	#B-106	Our host introduces us to Derek; he's invented a solar powered air freshener. He's about to put his freshener to the ultimate stink test; is it any match for the barnyard? We also meet Kelsey and the bird deterrent system she's devised for her family's blueberry farm. While our host gives us tips on brainstorming, as he makes his own toy rocket.
11.10.21	#B-107	Our host introduces us to Jerrilee; she's invented a fun learning game that involves speed and spelling. She's already selling it in a few stores, could a publicity event help to promote her product and help take it farther? We also meet Justin and Jerod, twins who have a solution for the wedgie. While our host gives us do-it-at-home tips on inventing our own game.
11.17.21	#B-108	Our host introduces us to Nirusan; he's invented an indoor navigation device to help the visually impaired find their way around a building. He's about to test it; will it replace or compliment the seeing-eye-dog? We also meet Victoria, she has many inventions to make life easier and safer. While our host tries his hand at his most ambitious invention to date: the automatic room organizer.
11.24.21	#B-109	Our host introduces us to Brandon; he's invented a set of golf clubs that grow with you. Could a little input from the pros help him pitch his idea and score a hole in one? We also meet Jake and his various spring-loaded inventions. While our host gives us do-it-at-home tips on inventing your own sport.
12.01.21	#B-110	Our host introduces us to Lance; he's invented a hydration system that's part of your hockey gear, so your water is always with you. Will it beat even the fastest skaters when it comes to taking a water break? We also meet Marcus and his hockey equipment dryer. While our host modifies sports equipment in an attempt to better his performance.
