

PMI is proud to announce our partnership with OTSM SyndiNet for IP delivery of content for the 2022/2023 season.

In order to facilitate the smoothest, fastest delivery, **our new OTSM SyndiNet downloader needs to be downloaded in order for you to be online and receive content.**

Stations will need to click this link to download:

<https://ezspotclient.otmsuite.com/>

We appreciate your assistance during this transition and can assure you we are here to answer any questions you may have.

The OTSM service team is available to be reached at 855-855-OTSM (6876) or stationservices@onthespotmedia.com with any set up questions.

OTSM SyndiNet Delivery

PMI's Current content being delivered through PitchBlue will be transitioning and delivered to you through OTSM Syndinet. Shows will be delivered through your OTSM Syndinet Downloader along with a timing sheet in BXF format.

For questions, please contact PMI coordinators@pmi.tv 412.281.5900
For technical assistance please contact stationservices@onthespotmedia.com
or call 855-855-6876.

We are excited about this new delivery method and think once you download and explore you too will feel the same.

Thank you for your assistance with getting this take care of ASAP.

****If you are part of a HUB you may want to reach out to your HUB Master Control for guidance.****

****NOTE TO SINCLAIR STATION GROUP:**

Please disregard the above notice to download the SyndiNet Downloader. Sinclair stations will receive the content automatically and can find the content through SONY Ci.
